

XCERRA PLUG & YIELD TEST CELL

Xcerra delivers turnkey test cell solutions. Complete ownership of integration and pre-validation ensures fastest time-to-volume and robust operation. As your partner of choice we assume undiluted responsibility and commit to long-term support.

The Xcerra Plug & Yield Test Cell provides a variety of operational and competitive advantages to the customer:

- Highest reliability and robustness
- Fastest time-to-volume and target OEE/yield
- Full signal path ownership
- Highest performance and quality
- One fully responsible partner
